Dear Friends,

How very kind and thoughtful of you to remember me on my birthday! Thank you, not only for this act of kindness but for your consistent support and expertise in keeping things running so smoothly. It is a pleasure to work with you and to rest assured that the ministry is in good and efficient hands.

It remains a complete mystery to me how you knew it was my birthday (and my 80th at that) but that point is insignificant compared with the effort you made to help me celebrate it. I deeply appreciate your kindness. A comfort to me is that when I goof up

you will be able to understand, bearing in mind my geriatric state!!

May the Lord bless each one of you and give you much joy in the year ahead.

In His great love,

Ashley Day
