We look forward to the honor of your presence.

Lunch will be served for all.

CONGRATULATIONS DR. MATTE,

On behalf of Pan American Broadcasting, we congratulate Dr. Mylene V. Matti and her staff in the massive humanitarian effort with Green Earth Heritage Foundation. Dr. Matti has provided 100 acres to help teach farmers about sustainable farming in remote regions of the Philippines. Her humanitarian efforts and teaching of sustainable farming has increased the productivity of the farms, thereby producing more food for the hungry.

Green Earth has educated, supported and improved the quality of farming in the Philippines with an overall goal to feed the hungry. We recognize and praise each person of this team. The results of your labor in this project have been a true blessing for thousands of hungry souls whom would be forgotten and battling long-term hunger.

Pan American Broadcasting was able to introduce Dr. Matte to Philippines Christian Radio and station manager Elsa Dioneda, where she was able to broadcast a voice for Green Earth over the radio airwaves enlightening thousands of listeners about this project.

God promises to answer prayer, we are excited to see how the answers unfold for Green Earth. Pan American Broadcasting prays for continued success through the challenges, knowing in the end, people came together through Christ to better the world for human beings who are starving. In a world that is blessed with so much, we reflect and will rejoice for the day when no man has to hunger.
