*\* The Spiritual Challenge Awaits You....*

PANAMA

Why have so many of our ministries been broadcasting with us for over 17 years in Panama? It's because of the great satisfaction they receive from profoundly affecting the lives of the desperately needy people of Panama and knowing that their messages of hope and salvation are being heard and appreciated. Won't you take your ministry to Panama? The needs are great..... The spiritual challenge is even greater!

.....*continued from side 1*

Panama, a nation of over 3 million people, has historically been one of Central America's most progressive countries. And it's a nation where English is widely spoken. While the Catholic Church has a great influence in the country, the Protestant evangelical churches continue to play a significant role in the spiritual growth of the country. But your help is needed to continue this spiritual growth!

How can you help? By sharing your voice with the people of Panama on Radio Newspaper, located in the nation's capitol, Panama City. The station remains free of government control and is one of the few commercial stations airing religious programming. And, to make it affordable for you to help the needy people of Panama, Radio Newspaper has agreed to "sponsor" its already low rates for the first year (12 months) that you are on the air.

In our 17 year history with Radio Newspaper we have never experienced such a significant reduction in rates! If you reserve your time by now you will receive "special low introductory rates". By taking advantage of this rare promotional offer you will realize a \$780/year savings for a 15 minute broadcast and a \$1,300/year savings for a 30 minute broadcast! So please contact us right away at 800-726-2620, 925-462-9800 or [info@panambc.com](mailto:info@panambc.com)! We look forward to hearing from you!

P.S. Over 1/2 of our Radio Newspaper ministries have been on the air for more than 16 years.....What a testimony to the spiritual rewards of ministering to the people of Panama! Both English and Spanish programming are widely accepted by the people of Panama.
