The People of Haiti are in need of your help....

In a recent CNN report, the most important means of communication within the earthquake ravaged country of Haiti is radio. Power has not been restored to most of the Haitian people and they have turned to both shortwave and AM & FM radio to receive news and critical information. Realizing the urgent need for broadcasting the Word of God to this devastated area of the world, Pan American Broadcasting has joined with Source Of Faith, in order to provide a humanitarian Outreach to this region.

For a limited time only, this unified partnership is making it possible for you take part in this “relief effort Outreach” at special reduced rates. Source of Faith is broadcasting from a strategically placed radio tower in Croix de Bouquets, 8 miles outside of Port-au-Prince, Source Of Faith will give you a local presence within Haiti on a clear channel FM signal reaching a potential audience of over 2 million people!

Furthermore, the stations have delivered hundreds of fixed tuned radios to the people of Haiti. These radios (pictured to the left) are pre-tuned to Source Of Faith’s frequency. Since the listener cannot tune the radios to different frequencies you are assured that your messages of hope and inspiration will flood the airwaves of Haiti..... filling the hearts of the Haitians with God’s love and comfort!
